SKILLS

Hard Skills

Proficient Core Java and Advance Java(Spring, Springboot, Hibernate, Servlets)
Basic of C Programming
HTML, CSS, JavaScript, React and Redux.

Soft Skills

Leadership, Teamwork, Communication, Time Management, Adaptability.

PROJECTS

Ecommerce Website

Myntra Clone using HTML CSS JavaScript React and Redux.

Dynamic WebApp

Web Application Using Java, SpringBoot and Hibernate.

ChatBot

Built a chat Bot using IBM cloud and Deployed that in WhatsApp

PROFILE

As a curious Computer Science student at Vignan's University, I specialize in Software Development. My passion for technology thrives at the intersection of coding and innovation. Proficient in Java Programming and web development, I am adept at creating robust and efficient software solutions. I have a strong foundation in design and optimization, which allows me to develop high-performance software. My academic excellence and collaborative projects have honed my leadership and teamwork skills. I am committed to being a force for positive change in the tech industry.

EDUCATION

Computer Science Engineering

2021-Present

Vignan's University Guntur Andhra Pradesh
India

- Developed strong problem-solving skills through successful projects and coursework in software development and data structures.
- Gained proficiency in writing efficient code, debugging, and performing code reviews based on project requirements.
- Proficient in front-end and back-end web development, creating dynamic and user-friendly websites.

Higher Secondary Education (XII)

2018-2019

JKBOSE, Jammu and Kashmir, India

- Successfully completed Higher Secondary Education (XII) with a strong foundation in science subjects (Physics, Chemistry, and Mathematics).
- Developed strong problem-solving skills through coursework and practical applications in science subjects.

COURSES & CERTIFICATIONS

Introduction To Internet Of Things

May 2023

Indian Institute of Technology, Kharagpur

- Equipped with skills for device interconnection, essential for creating a network of physical devices that collect and share data.

Leadership and Team Effectiveness

May 2024

Indian Institute of Technology, Roorkee

- Enhanced technical awareness by analyzing real-world engineering problems and their impact on project outcomes.
- Developed teamwork abilities in a simulated engineering environment, fostering collaboration for improved project outcomes.

E-Business

May 2024

Indian Institute of Technology, Kharagpur

- Understood and implemented e-commerce websites with features like product catalogs, shopping carts, and secure payment processing.
- Explore database management, user authentication, and content publishing.

AYAZ AHMAD SHAH

ENGINEERING STUDENT

INTERNSHIP

Emerging Technologies (AI & Cloud)

- Edunet Foundation (in collaboration with AICTE).
- June 5, 2024 – July 2, 2024.
- Worked on AI and Cloud projects, including Watsonx, Twilio.
- Gained hands-on experience with Data Preprocessing.

LANGUAGES

Kashmiri (Native)
Hindi (Conversational)
English (Fluent)
Urdu (Fluent)

INTERESTS

Tech Blogging
Coding
Technology
Music
Entrepreneurship

COURSES & CERTIFICATIONS

Foundations: Data, Data, Everywhere

May 2019

Google

- Possess essential skills in managing data-related tasks, including data collection, data cleaning, and data transformation.
- Understand the importance of data security and privacy, and adhere to best practices to ensure data integrity and confidentiality.

Business English Certificates (BEC)

May 2023

Cambridge

- Enhanced ability to communicate effectively in English in business scenarios.
- Improved listening and reading skills in English, particularly for business-related content.

EXPERIENCES

Worked as a Teacher

Nov 2019 - June 2021

APS Lolab
